

Applicant Name: Texas Instruments Incorporated

Applicant Address: 2nd Floor, No.72, Liangxiu Road, Pudong New Discrete, Shanghai

Attn: Frank Qiu

Report Date:

2019-12-31

The following sample (s) was/were submitted and identified on behalf of the client as:

Product:	EVM
Samples Quantity:	1
Sample ID:	IAS19070336.001
Part/Model umber:	N/A
Date Received:	2019-12-27
Date Test Conducted:	2019-12-27~2019-12-27

Test address different from lab address (if existed) :N/A

Tests Conducted:

Per Client's Requirements

Conclusion:

Section No.	Test Name	Evaluation
N/A	See page 3	See page 3

Should you have any queries about the test report, please contact:

The End of Report

This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to permit copying or distribution of this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only to the sample tested. This report by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program. The Applicant agrees that when statement of conformity or required or requested that measurement uncertainty will not be incorporated into the final result or the compliance statement.
