Place Block Diagram here (if appropriate) or delete this text box.  
If using a block diagram from another tool, save the picture as a .bmp file.  
Then, use menu Place|Drawing Tools|Graphic to insert the .png/.svg/.bmp file on the schematic.

 You should delete the nylon screws/standoffs and/or the bumpons as needed for your design (or substitute other parts from Hardware.IntLib). Bumpons are cheaper, but provide less clearance.

Deleting anything else from this page may result in your EVM submission being rejected (until you add them back).

Update the Label Text in the Label Table as needed for each Assembly Variant.

You should delete this note too.

Variant	Label Text
001	ChangeMe!
002	ChangeMe!

ZZ1  
**Label Assembly Note**  
This Assembly Note is for PCB labels only

ZZ2  
**Assembly Note**  
These assemblies are ESD sensitive, ESD precautions shall be observed.

ZZ3  
**Assembly Note**  
These assemblies must be clean and free from flux and all contaminants. Use of no clean flux is not acceptable.

ZZ4  
**Assembly Note**  
These assemblies must comply with workmanship standards IPC-A-610 Class 2, unless otherwise specified.
