SIMPLE SWITCHER® Power Modules for Broadcast Video

Robust solutions for technologically-advanced video equipment.

national.com/switcher

The SIMPLE SWITCHER power modules deliver powerful system performance, low EMI, and high reliability enabling today's state-of-the-art 3G/HD/SD broadcast video equipment. The power modules integrate the control circuitry, a shielded inductor, MOSFETs, and small passives in an easy-to-use package to streamline design and layout challenges like choosing the inductor, selecting the switching frequency, and optimizing the switch node for thermal and EMI performance.

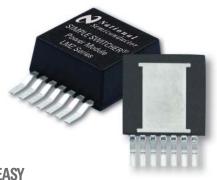

These energy-efficient power modules, combined with easy-to-use online design tools, address the specific needs of professional broadcast video.

- Innovative packaging similar to TO-263 makes design easy, similar to a Linear Dropout Regulator (LDO)
- Highly integrated solution simplifies board layout and design qualification, lowers manufacturing and overall risk
- Compatible with pick-and-place manufacturing used for TO-263
- Easy to hand solder for quick prototyping
- Complies with EN55022 Class B radiated EMI standards
- Pin-to-pin compatibility and identical footprint for different load currents within each module series maximizes design reusability

High Energy Efficiency

 Up to 94% peak efficiency using DC-DC switching reduces system heat generation and energy costs

High Reliability

- Semiconductor integrated circuit level reliability and performance for rugged environments
- Single exposed bottom offers best-in-class thermal performance and leads offer board-to-device stress relief from varying ambient temperatures
- Excellent thermal performance eliminates the need for external heat sinks and fans
- Fully RoHS compliant

Robust System Performance

- Guaranteed low EMI performance will not interfere with sensitive analog signal paths
- Low output voltage ripple for powering noise-sensitive transceiver and signaling ICs
- Excellent transient performance for fast response to varying load conditions
- Self-protected against output overvoltage and short circuit conditions

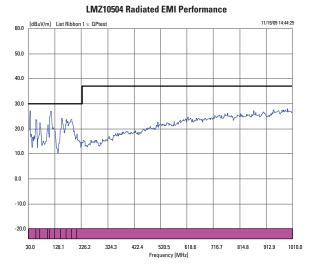

SIMPLE SWITCHER® Power Modules for Broadcast Video

Robust solutions for technologically-advanced video equipment.

Target Broadcast Video Applications

- Production Switchers
- Routers
- Monitors & Projectors
- Servers
- VTRs
- Encoders / Decoders

Complies with EN55022 (CISPR22) Class B Radiated EMI Standard

3.3V and 5V Input Rail Devices

| | Output Current | Input Voltage | | Output Voltage Ripple (3.3V to 1.2V) | | Package Dimensions (including leads) | EMI Certification | Pricing (500u) |
|----------|-------------------|---------------|------------|--|-------|---|----------------------|-------------------|
| LMZ10505 | 5A | 2.95V to 5.5V | 0.8V to 5V | 10 mV pk-pk | 91% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$7.60 |
| LMZ10504 | 4A | 2.95V to 5.5V | 0.8V to 5V | 10 mV pk-pk | 91% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$7.10 |
| LMZ10503 | 3A | 2.95V to 5.5V | 0.8V to 5V | 8 mV pk-pk | 90.7% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$6.60 |

12V Input Rail Devices

| Device | Output Current | Input Voltage | Output Voltage | Output Voltage Ripple (12V to 3.3V) | | Package Dimensions (including leads) | EMI Certification | Pricing (500u) |
|----------|-------------------|---------------|-------------------|---|-------|---|----------------------|-------------------|
| LMZ12003 | 3A | 4.5V to 20V | 0.8V to 6V | 25 mV pk-pk | 90% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$7.25 |
| LMZ12002 | 2A | 4.5V to 20V | 0.8V to 6V | 18 mV pk-pk | 90.5% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$6.00 |
| LMZ12001 | 1A | 4.5V to 20V | 0.8V to 6V | 13 mV pk-pk | 90.5% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$5.25 |

24V Input Rail Devices

| Device | Output Current | Input Voltage | Output Voltage | Output Voltage Ripple (24V to 3.3V) | Peak Efficiency (24V to 3.3V) | Package Dimensions (including leads) | EMI Certification | Pricing (500u) |
|----------|-------------------|---------------|-------------------|---|-------------------------------------|---|----------------------|-------------------|
| LMZ14203 | 3A | 6V to 42V | 0.8V to 6V | 29 mV pk-pk | 86.5% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$9.50 |
| LMZ14202 | 2A | 6V to 42V | 0.8V to 6V | 20 mV pk-pk | 87% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$7.50 |
| LMZ14201 | 1A | 6V to 42V | 0.8V to 6V | 17 mV pk-pk | 87% | 7-pin TZA 10.16 x 13.77 x 4.57mm | EN55022 (Class B) | \$6.50 |

IMPORTANT NOTICE

Texas Instruments Incorporated and its subsidiaries (TI) reserve the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to TI's terms and conditions of sale supplied at the time of order acknowledgment.

TI warrants performance of its hardware products to the specifications applicable at the time of sale in accordance with TI's standard warranty. Testing and other quality control techniques are used to the extent TI deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

TI assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using TI components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

TI does not warrant or represent that any license, either express or implied, is granted under any TI patent right, copyright, mask work right, or other TI intellectual property right relating to any combination, machine, or process in which TI products or services are used. Information published by TI regarding third-party products or services does not constitute a license from TI to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from TI under the patents or other intellectual property of TI.

Reproduction of TI information in TI data books or data sheets is permissible only if reproduction is without alteration and is accompanied by all associated warranties, conditions, limitations, and notices. Reproduction of this information with alteration is an unfair and deceptive business practice. TI is not responsible or liable for such altered documentation. Information of third parties may be subject to additional restrictions.

Resale of TI products or services with statements different from or beyond the parameters stated by TI for that product or service voids all express and any implied warranties for the associated TI product or service and is an unfair and deceptive business practice. TI is not responsible or liable for any such statements.

TI products are not authorized for use in safety-critical applications (such as life support) where a failure of the TI product would reasonably be expected to cause severe personal injury or death, unless officers of the parties have executed an agreement specifically governing such use. Buyers represent that they have all necessary expertise in the safety and regulatory ramifications of their applications, and acknowledge and agree that they are solely responsible for all legal, regulatory and safety-related requirements concerning their products and any use of TI products in such safety-critical applications, notwithstanding any applications-related information or support that may be provided by TI. Further, Buyers must fully indemnify TI and its representatives against any damages arising out of the use of TI products in such safety-critical applications.

TI products are neither designed nor intended for use in military/aerospace applications or environments unless the TI products are specifically designated by TI as military-grade or "enhanced plastic." Only products designated by TI as military-grade meet military specifications. Buyers acknowledge and agree that any such use of TI products which TI has not designated as military-grade is solely at the Buyer's risk, and that they are solely responsible for compliance with all legal and regulatory requirements in connection with such use.

Applications

Automotive and Transportation www.ti.com/automotive

TI products are neither designed nor intended for use in automotive applications or environments unless the specific TI products are designated by TI as compliant with ISO/TS 16949 requirements. Buyers acknowledge and agree that, if they use any non-designated products in automotive applications, TI will not be responsible for any failure to meet such requirements.
